**QUALITY
SALES
SERVICE
SOLUTIONS**

**Offering Quality Tools/Equipment, Services and Solutions across Australia through our
National Branch and Workshops Network**

Why Choose Specialised Force

- More than 35 years of experience in supplying high quality tools/equipment, from around the world.
- A proven competent, widespread service network which is supported by a national infrastructure to deliver service, parts and components.
- A reliable partner who can not only supply the equipment you need, but also has in-depth application knowledge of your working environment

Key Values

Excellence

We apply advanced technology, and continually innovate and improve.

Safety

Zero accidents is our unwavering goal

Fair Return

We earn a return that fairly rewards the value we deliver

Sustainability

We plan and act for the future - considering our company, our customers, and our world.

Ethics:

Uncompromising integrity, honest and fairness are at the heart of our company.

Company Overview

Specialised Force Pty Ltd has been operating and expanding throughout Australia since 1982. With the Head office in Sydney, the company now operates in Brisbane, Townsville, Darwin, Adelaide, Melbourne, Perth, Port Hedland and Hobart.

We pursue a "complete system" approach and carefully match components to ensure efficient and safe operation of equipment. We have got what you need from small pumps and ram sets, through to the design and supply of large computer-controlled jacking systems for specific applications. Our in-house and mobile Workshop facilities enable our service, repair and testing of equipment to standards that ensure compliance and fit for purpose outcomes.
