

MODEL No. PSC-1 ACSR TRIMMER (MADE IN USA)

FEATURES

The PSC-1 ACSR Trimmer quickly and accurately removes the aluminium stranding from around the steel core of ACSR conductors. Made of an aluminium alloy, this tool is lightweight and durable. The cutter, bushing holder and case are sold as one unit.

The case has slots to store 10 bushings while the 11th bushing can be stored in the tool.

- Bushes are fully interchangeable with rigid #87 ACSR Trimmer Bushes.
- Weight: 4.3kg
