

## PS-1 Hydraulic Post Straightener

Featuring a rugged all steel Australian made yellow zinc plated frame and high quality Durapac and Riken hydraulics, this hydraulic post straightener is capable of straightening steel sign posts up to 50mm / 2" nominal bore or 63mm outside diameter.

### Specifications

<b>Dimensions</b>	470mm x 480mm x 80mm (HxLxW) including carry handle
<b>Weight</b>	21 kg
<b>Straightening Force</b>	10 Tonnes / 101kN

### Features

- Rugged Australian-made all steel frame.
- High quality Durapac and Riken Hydraulics.
- This hydraulic post straightener is designed to straighten sign posts that are bent at ground level.

Riken Pump

GR8 hook with eye & safety latch

## Usage

These hydraulically powered pole straighteners are mainly used by councils and contractors to mending sign poles damaged by the public, usually from vehicle accidents.

Uses include but are not limited to straightening: speed limit sign poles, parking meter poles, street name sign poles, highway signs and any other pipe or tube mending application where the integrity of the wall is not important.
