

**BLUETOOTH REMOTE CONTROLLED SAFETY CUTTING SYSTEM**

**CUTTING HEAD**

FORCE **107kN**  
CAPACITY **100mm Blade Opening**

**BATTERY PUMP**

PRESSURE **700Bar @ 0.8L/min VARIABLE**  
RESERVOIR **1.2L**  
Weight **8.5 kg**  
HOSE LENGTH **8m**  
POWER SOURCE **Internal Battery**

ITEMS SOLD SEPERATELY, REFER TABLE BELOW

Model No.	Description
<b>BP-114 - SAFETY CUT</b>	Remote Battery pump with Cejn male coupler half. Tagged & filled with Plantoflux fire resistant hydraulic oil shown in picture above
<b>CR-100CE</b>	Remote hydraulic cable cutter with Cejn male coupler half. Cuts up to 100mm diameter steel wire armour cable
<b>2022N-08-B38NM-BC</b>	8m high pressure non-conductive hose assembly with Cejn female coupler half each end. Tagged & filled with Plantoflux fire resistant hydraulic oil shown in picture above
<b>CR100EK</b>	Earthing Kit shown below

**SPECIFICATIONS**

For safety cutting of cables (spiking) up to 100mmOD.

**FEATURES**

This cable cutting and spiking system proves dead cables and cuts them in one controlled operation using full cordless bluetooth remote control ensuring optimum operator safety.

The battery powered pump provides total system portability. The pump unit can be utilised to operate compression heads and other single acting tools. This system is proven reliable and accepted by power authorities and contractors Australia wide, with product service and spares support available Australia wide.
