

WM SERIES LINE WARNING MARKERS & FLAGS

balmoral engineering

Power line strikes from construction and agricultural plant and equipment are an all too common occurrence, potentially causing serious injury or death. These incidents can result in major asset damage and power outages.

Our Balmoral Rotamarka™ has been specifically designed to mitigate against these risks faced by electrical transmission and distribution companies, as well as contractors and industry workers worldwide.

ROTAMARKA FEATURES

- Designed with science
- Premium reflectors on all fins
- High internal contrast of fins provides better visibility in a range of environmental conditions
- Less markers required on lines
- Highly tested, designed for durability
- Aerodynamic design rotates for high impact visibility
- AS 3891.2 2018 Clause 2.3.1 (d) compliant
- 3D design provides enhanced visibility from all angles of approach
