

**BATTERY HYDRAULIC SCISSOR CUTTERS (MADE IN JAPAN)**

**MODEL NO. VARIOUS**

The Izumi scissor style battery cable cutters were designed for cutting underground and overhead power cables or conductors. There are however many other applications as indicated in the tables below.

The operation switch is easily activated with one hand, leaving your other hand free to align and manoeuvre cutting material. The trigger also includes a SAFETY feature to prevent inadvertent operation.

Most series 6 & 7 models feature new electronic circuit boards, improved powerful gear reduction magnetic motors with overload protection and a lithium-Ion battery capacity indicator.

To order complete kits with tool, two batteries and charger: add the suffix (CC) to the "Kit Model No." in the tables below.

**NOTE: IZUMI Battery Charger supplied with 230VAC & 12V/24VDC adaptor leads**

**FEATURES**

- Japanese Quality
- Lower Blade Guide Avoids Distortion
- Upgraded Electronic Circuit Boards
- Powerful Magnetic Motors with Overload Protection
- Ergonomic Hand Grip Design
- LED Lights for working in dark area
- Manufactured under ISO9001
- 230VAC & 12V/24VDC Charger Leads Included with Charge Base (REC "CC" Kit Models Only)
- Lithium-Ion Batteries have Press Button Charge Indicator

**STANDARD ACCESSORIES**

- Carry Case
