

## RAD PNEUMATIC SINGLE SPEED SERIES

Extreme Duty Torque Wrenches For Heavy Duty Applications!

More than 25 years of experience in gearbox engineering and design has brought about our latest generation in planetary gearboxes – RAD Single Speed. Designed for extreme duty use in a variety of industries worldwide.

- PATENTED drive system delivering one of the highest power-to-weight ratios of any pneumatic controlled bolting system.
- Wide torque range to suit multiple applications
- Unmatched reliability delivered by one of the most advanced engineered gearboxes on the market.
- Reliable and dependable solution for the installation and removal of heavy-duty fasteners.
- Smooth continuous flow of controlled torque eliminating destructive hammering.
- Lightweight ergonomic pistol grip design reducing operator strain and injury; resulting in increased productivity
- Stall type tool capable of accuracy of +/-4%, and repeatability of +/-2%.

All RAD pneumatic Series tools are supplied with Reaction arm, 3M hose, tool holder, Filter/Regulator/Lubricator, Weatherproof Site box and instruction manual as standard.

Part Number	Tool Model	Square Drive	Torque		Speed	Weight	Noise Level	Dimensions
