

CONTINUOUS FIBREGLASS RODS COILS

Continuous coils of fibreglass rod, ideal for long distance rodding of ducts or conduits.

The rod includes a 1mm tracer wire in the centre and a 1.5mm layer of UV stabilised polyethylene sheathing for added protection and durability.

The set comes complete with a stand fitted (the 9mm & 11mm are supplied with wheels**) and a drag brake for holding the rod during operation, a threaded male fitting and removable eye on the outward end and a fixed eye on the inner end. The 9mm & 11mm also include a joining kit which consists of 2 joiners, 1 replacement eye, threaded end, glue and fitting instructions.

SIZES AND LENGTHS (All Sizes Include Trace Wire)

| Model No. | Description | Length (m) | Dimensions (mm) | Wt (kg) | Replacement Rod |
|--------------------|------------------------|------------|-----------------|---------|------------------|
| FRD5-40* | 5mm Fibreglass Rodder | 40 | 415x190x450 | 4.7 | FRR5-40 |
| FRD5-80* | 5mm Fibreglass Rodder | 80 | 415x190x450 | 5.1 | FRR5-80 |
| FRD7-75* | 7mm Fibreglass Rodder | 75 | 650x250x800 | 8.3 | FRR7-75 |
| FRD7-125* | 7mm Fibreglass Rodder | 125 | 650x250x800 | 13 | FRR7-125 |
| FRD7-150* | 7mm Fibreglass Rodder | 150 | 650x250x800 | 16 | FRR7-150 |
| FRD9-150** | 9mm Fibreglass Rodder | 150 | 800x450x1050 | 31 | FRR9-150 |
| FRD9-200** | 9mm Fibreglass Rodder | 200 | 800x450x1050 | 37 | FRR9-200 |
| FRD11-200** | 11mm Fibreglass Rodder | 200 | 1000x500x1250 | 55 | FRR11-200 |
| FRD11-250** | 11mm Fibreglass Rodder | 250 | 1000x500x1250 | 64 | FRR11-250 |
| FRD11-300** | 11mm Fibreglass Rodder | 300 | 1000x500x1250 | 73 | FRR11-300 |
