

**JRF-4 UNIVERSAL CABLE STRIPPER (MADE IN USA)**

**FEATURES**

**VERSATILE** - For use with primary or secondary power cables 12.7-76.2mm OD

**ERGONOMIC** - Ball-bearing clamp allows for less force needed to perform strip

**SAFE** - Provides a safe and quick alternative to blades

SCAN & PLAY

**DETAILS**

- Large capacity clamp jaw** – Wide range, 12.7-76.2mm OD cables, enabling productivity when working with a variety of cable sizes.
- Tension trigger** – 68kg of clamp force allows secure capture of cable for precise blade setting.
- Delrin™ ball bearing rollers** – Reduces the amount of force needed for the tool to move around and up the cable during stripping.
- Rollerball actuation** – Allows user to maintain constant contact with the clamp as it moves around the cable.
- Precision adjustable cutting blades\*** – XLP or EPR design-specific blades allow for ease and efficient cut back.
