

GREENLEE COBALT STEP BITS (MADE IN USA)

Greenlee's XT Series Cobalt Step Bits are engineered for maximum life in stainless steel but also cuts mild steel, copper, brass, aluminium, fibreglass, plastic, wood and laminates. The dual-flute design and split point tip eliminates walking makes for faster drilling with less force. High speed cobalt steel maximises heat and abrasion resistance, the steam oxide finish runs cooler and extends the life of the bit. New split point tip penetrates 3.5mm stainless steel in 10 seconds.
