FEATURES

The REC-3610 has the largest output and piston travel of all our battery tools. The piston travel is 50mm which accepts mid-span copper and aluminium sleeve and cables.

Portability and handling have now been improved and, The Crimper now features a new larger handle opening with a rocker type advance/retract switch located on top of the handle for 1-finger trigger operation. The handle opening and rocker type switch is large enough for gloved hand. It also incorporates a built-in foot base with finger indents for easier handling when holding the tool with both hands.
